## EMERGENCY POWER SYSTEMS

### MIDWEST DIVISION

UNLIKE MOST GENERATOR RENTAL COMPANIES GENCON SPECIALIZES IN **CRITICAL** POWER RESTORATION WITH AN EMPHASIS ON SUPER STORES, MARKETS, DRUG STORES AND SERVICE (GAS) STATIONS.

### HOW IS GENCON DIFFERENT?

OUR GENERATORS ARE EQUIPPED WITH POWER CABLES ALREADY ATTACHED TO THEM SAVING VALUABLE TIME ONCE THE GENERATOR ARRIVES ON SITE.

EACH UNIT IS COUPLED WITH ITS OWN ASSIGNED SEMI TRACTOR ELIMINATING WAIT TIME FOR AN AVAILABLE TRACTOR AS WELL AS THE WASTED TIME SPENT HOOKING IT UP TO THE TRACTOR.

WE UTILIZE OUR OWN ELECTRICIANS THAT ARE ALREADY FAMILIAR WITH THE GENERATORS START UP AND MONITORING PROCEDURES, AGAIN SAVING VALUABLE TIME.

ON AVERAGE ONCE WE RECEIVE A CALL FOR POWER RESTORATION WE ARE IN ROUTE TO YOUR LOCATION WITHIN 30 MINUTES. ONCE WE ARRIVE, POWER RESTORATION TYPICALLY ONLY TAKES ABOUT 60 MINUTES.

### SIZED TO FIT YOUR NEEDS

OUR FLEET INCLUDES GENERATORS THAT WILL RUN SMALL RETAIL BUSINESSES AND UNITS THAT WILL RUN LARGE SUPERMARKETS OR MANUFACTURING FACILITIES.

### MONITORING

WE MONITOR ALL OF THE OPERATIONS OF YOUR GENERATORS INCLUDING VOLTAGE, FREQUENCY, PHASE ROTATION, AMPACITY, FUEL USAGE, UTILITY POWER RESTORATION AND GENERATOR CLEANUP INCLUDING OFF SITE REMOVAL.

### OPERATE LIKE A NORMAL DAY

WHEN YOU RENT A GENERATOR FROM GENCON YOUR BUSINESS WILL RUN AT 100% CAPACITY INCLUDING YOUR HVAC EQUIPMENT, LIGHTING AND ALL OTHER COMPONENTS.

### NO DISTURBANCE

OUR GENERATORS ARE SOUND ITENUATED SO YOUR CUSTOMERS AND EMPLOYEES ARE NOT BURDENED BY THE NOISE OF THE DIESEL ENGINES.
